

Desarrollo infantil – hijos de inmigrantes

Conferencia 40 años **fedea**
Los retos de la economía Española

Héctor Cebolla Boado (IEGD)

Resumen

- Indicios de problemas tempranos (nacimiento)
- Factores protectores... menos eficaces
 - Educación infantil
 - Recursos de su hogar

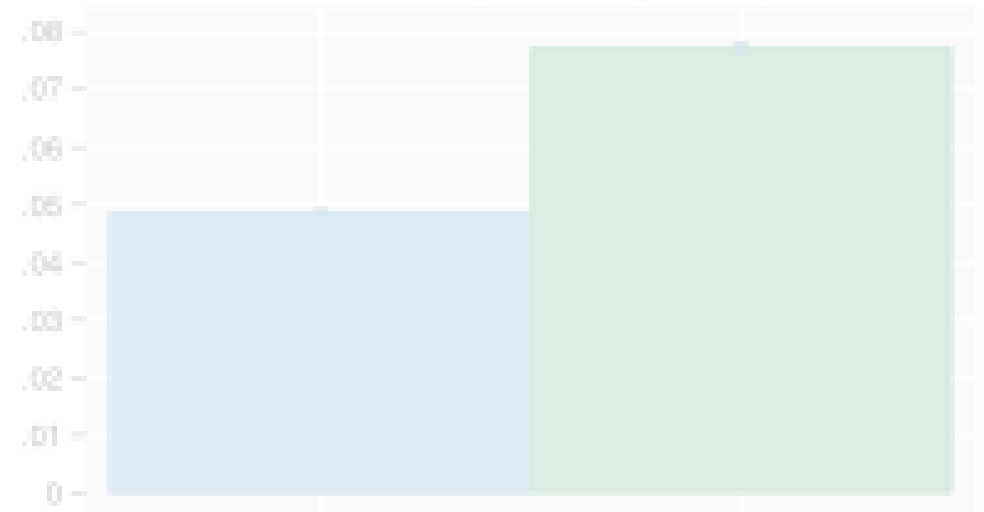

¿Como nacen?

Birth outcomes by maternal migrant status

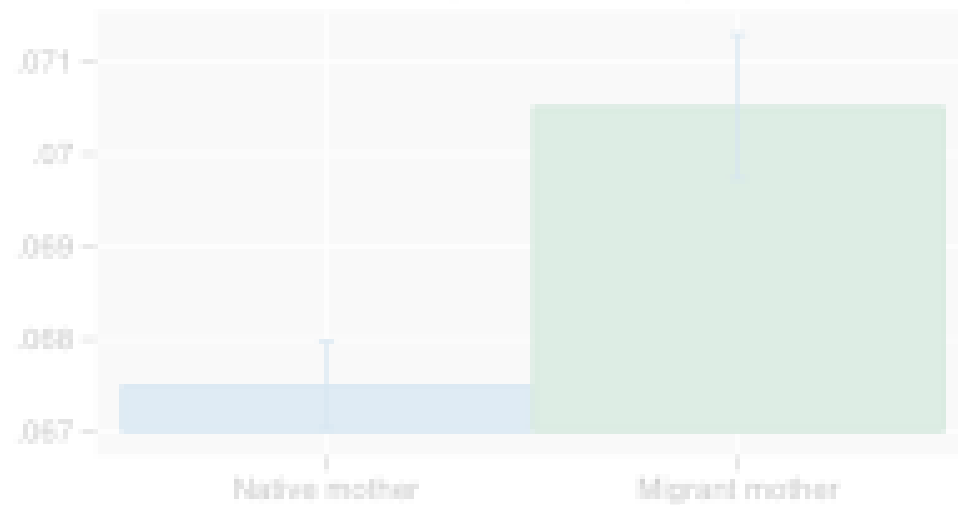

Low Birth Weight (<2500 grams)

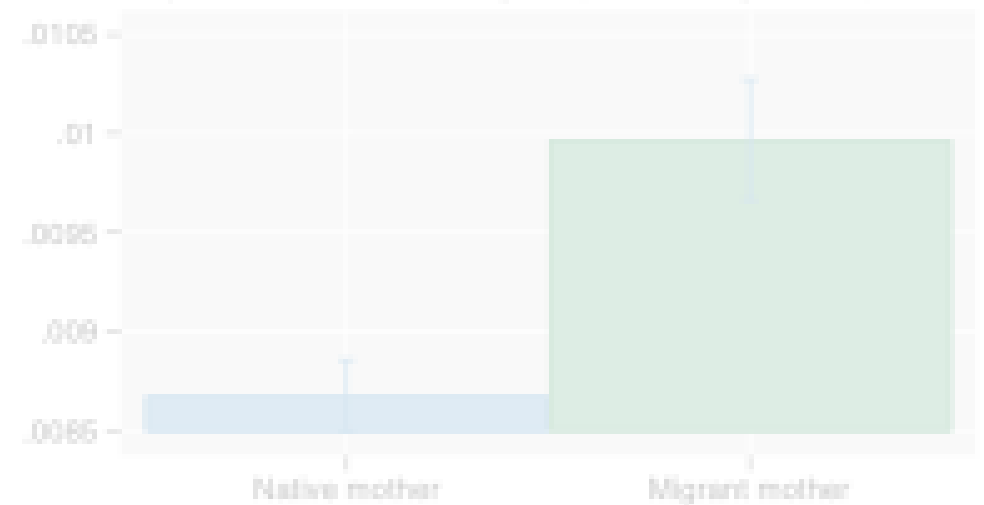

Macrosomia (>4000 grams)

Preterm (<37 weeks)

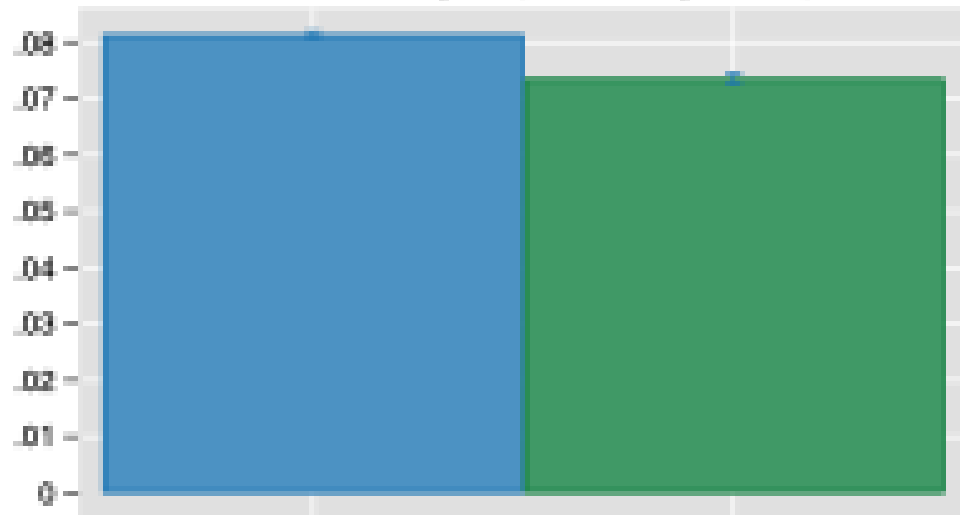

Very Low Birth Weight (<1500 grams)

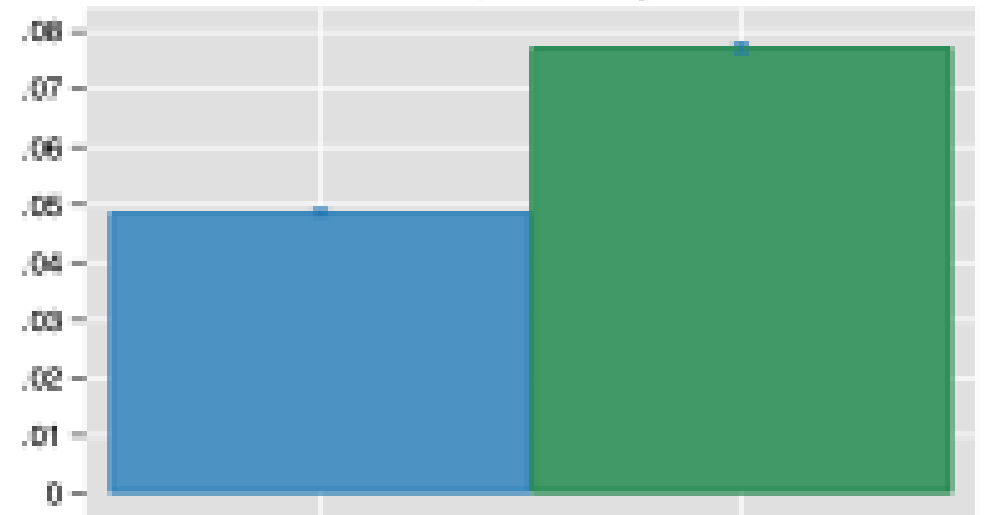

Birth outcomes by maternal migrant status

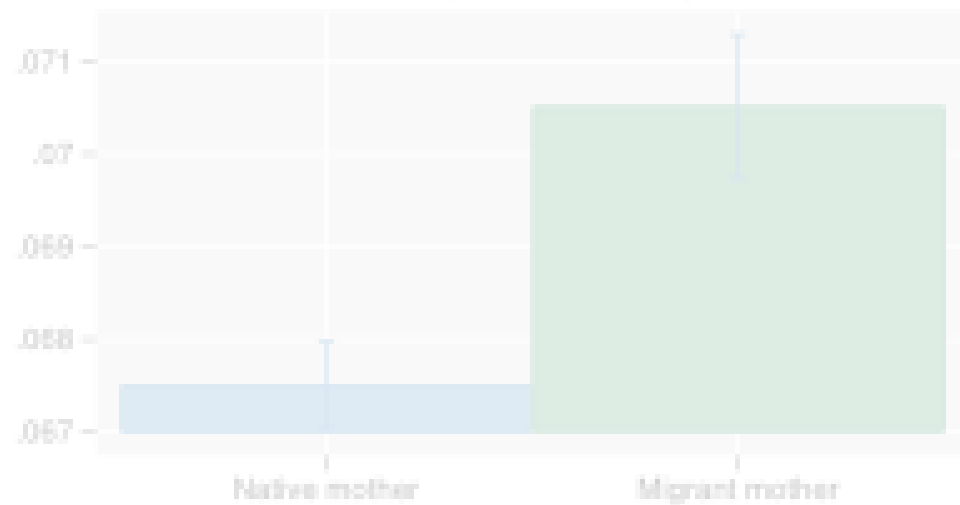

Low Birth Weight (<2500 grams)

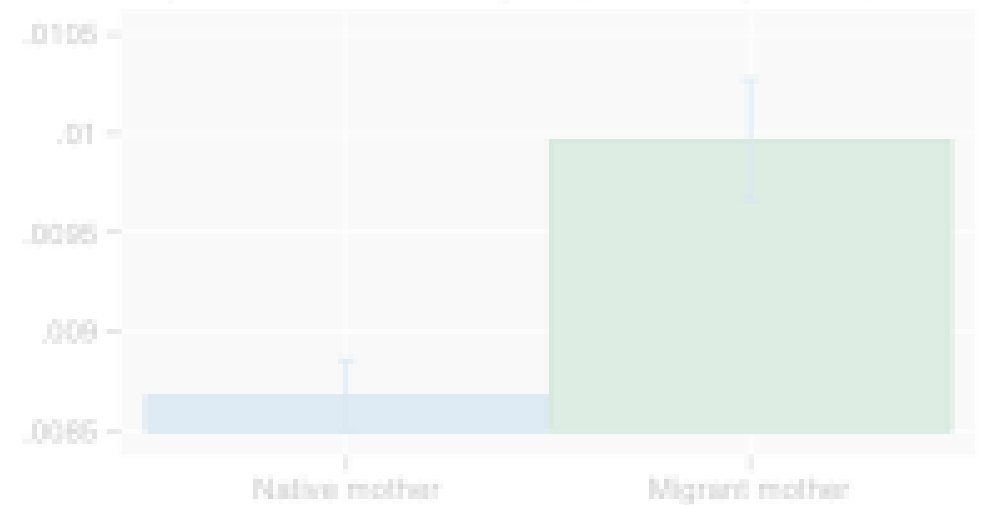

Macrosomia (>4000 grams)

Factores compensadores: educación infantil

Age of enrollment in infant school

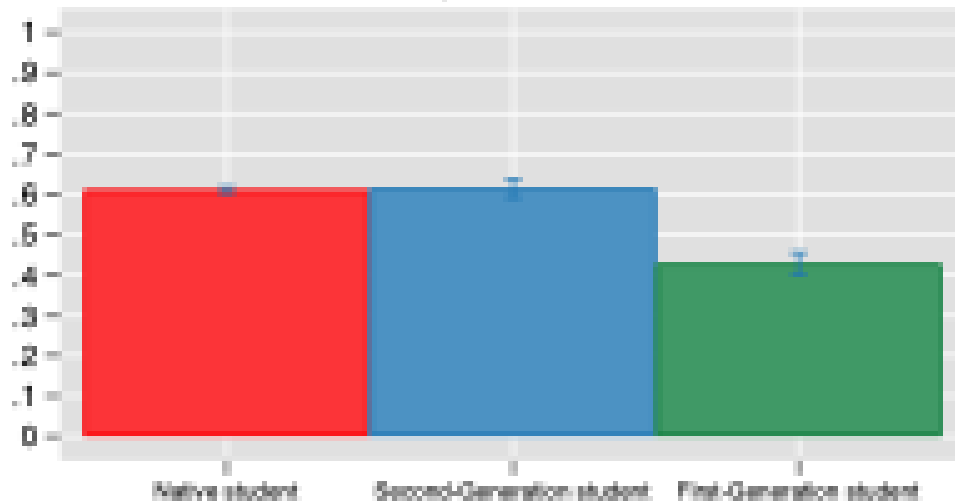

I did not attend <ISCED 0>

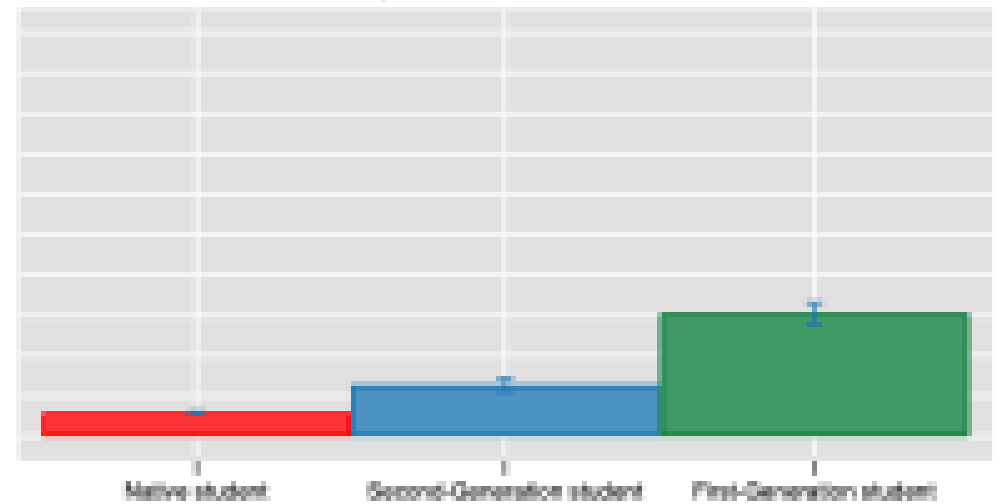

2 years or younger

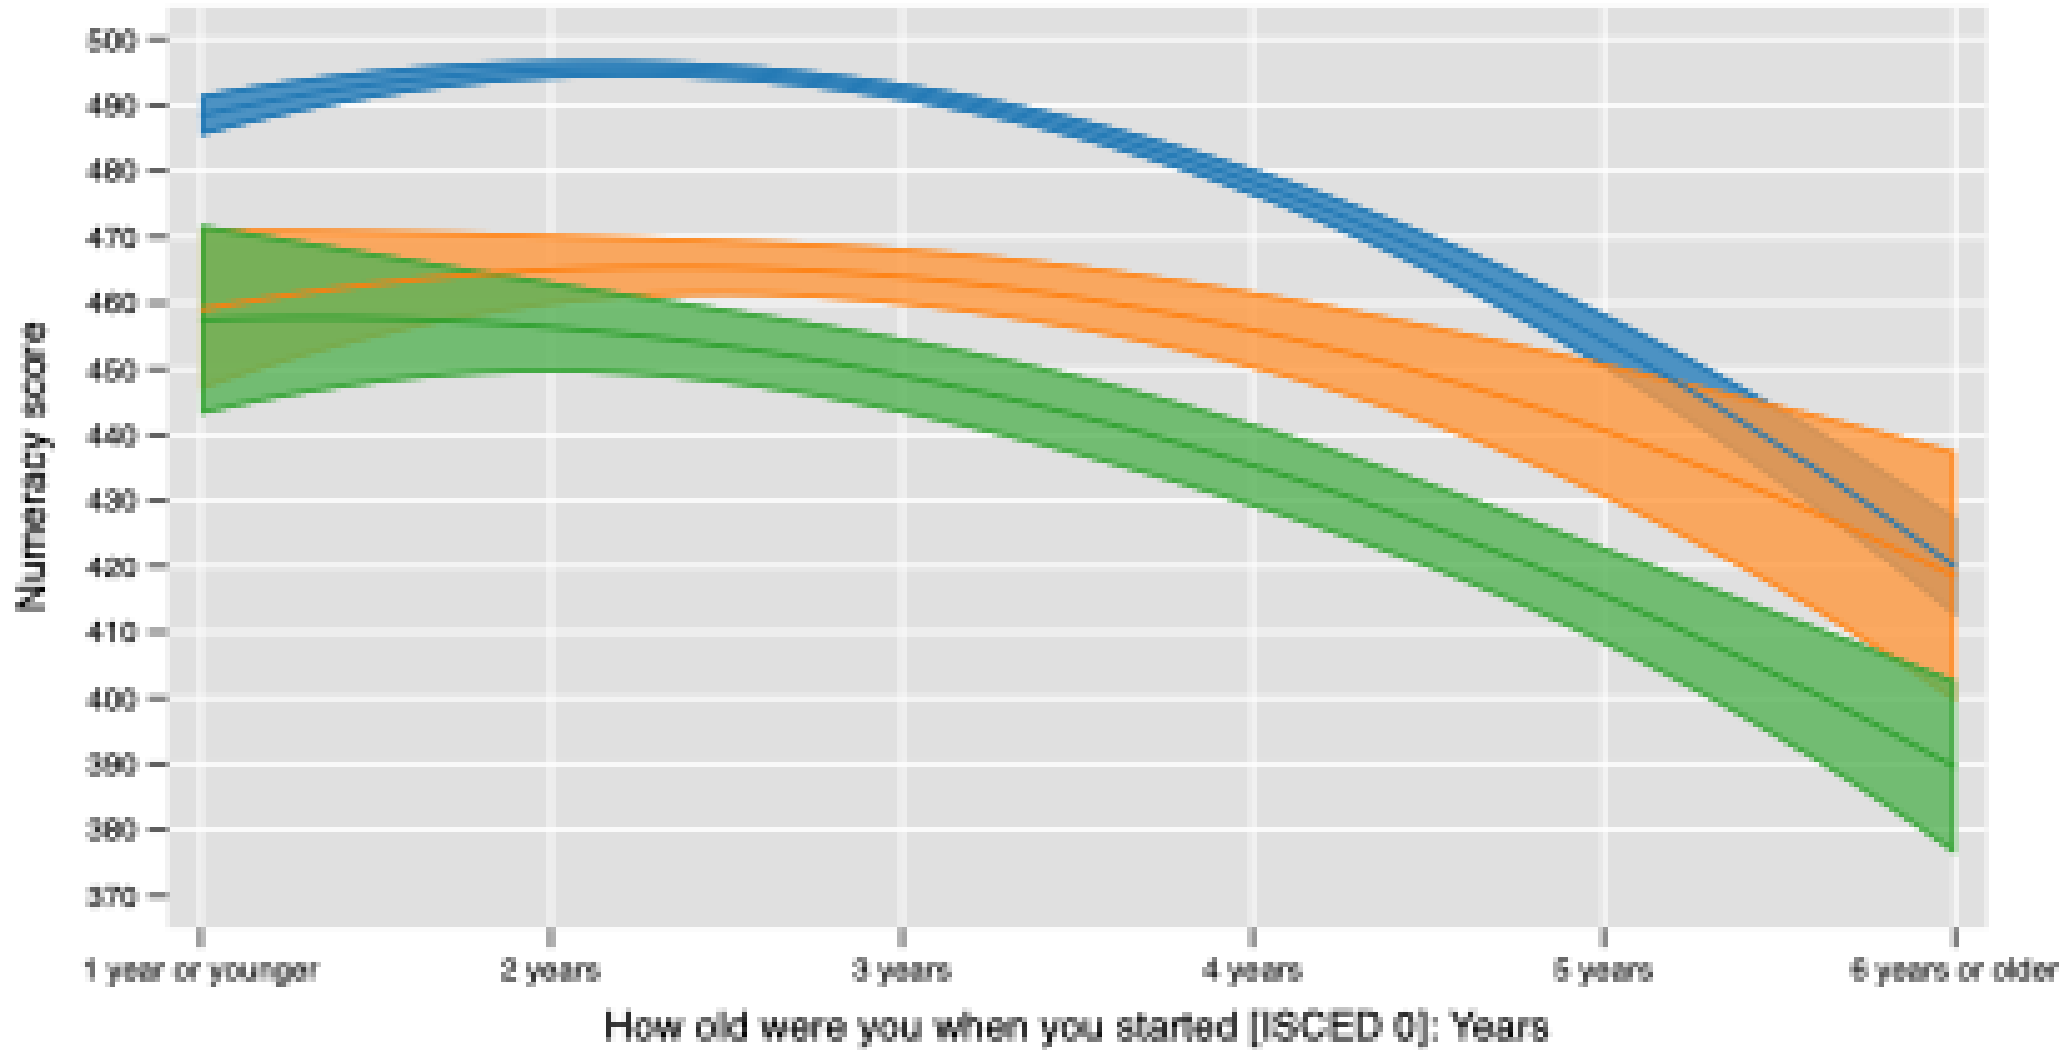

3 years

4 years or older

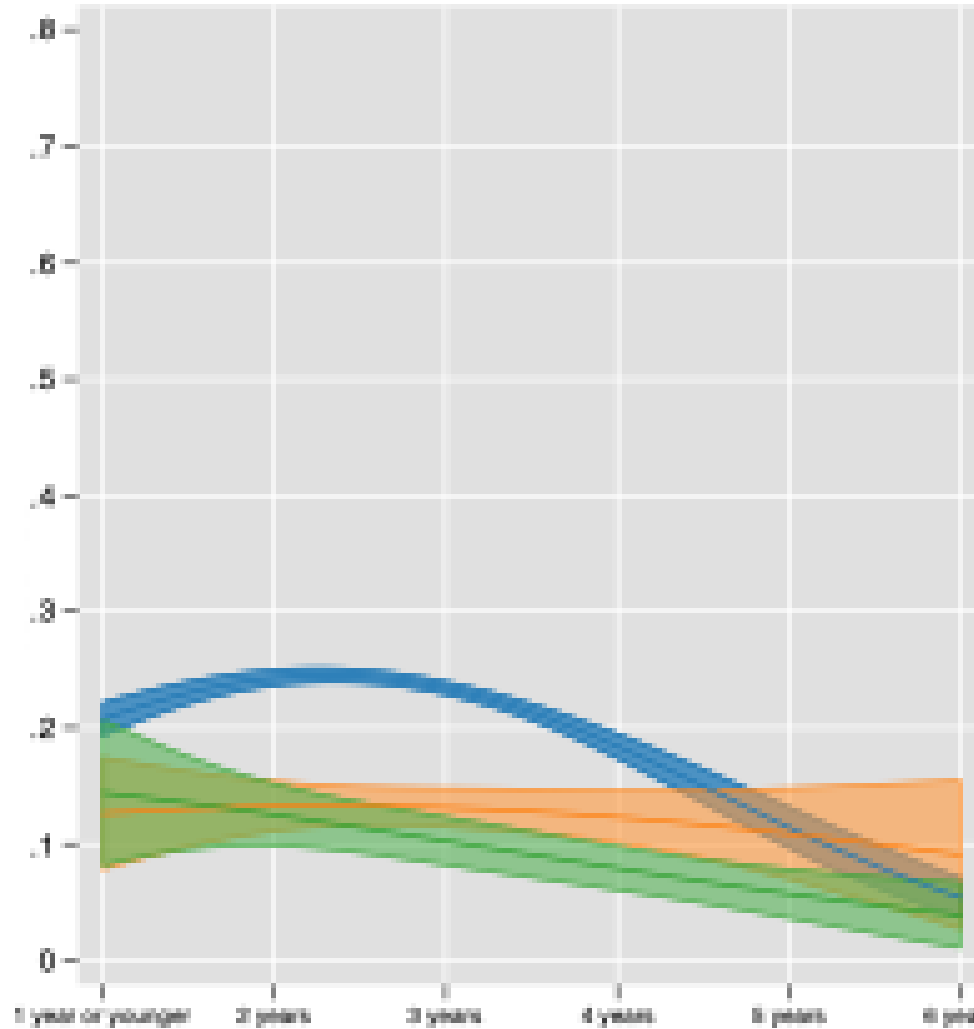

Numeracy by enrolment in infant education

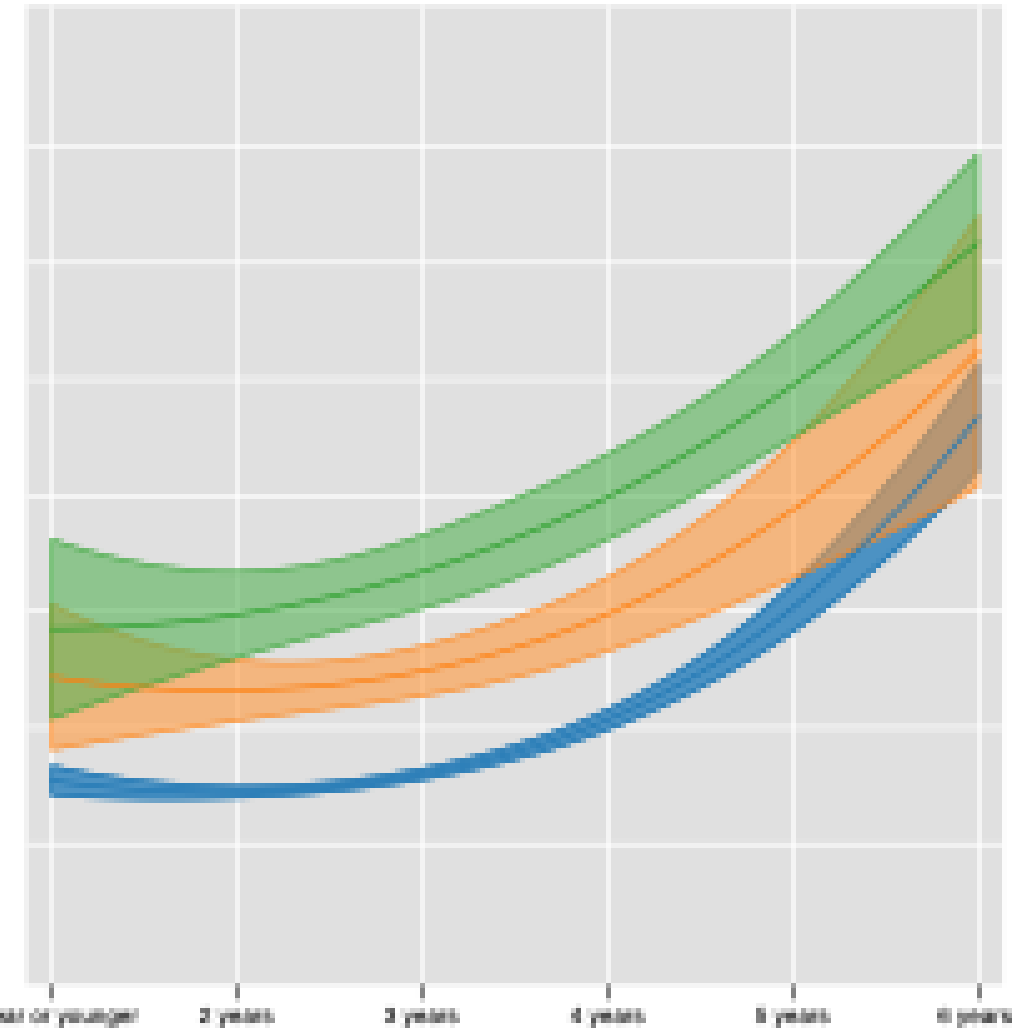

Quintile of numeracy by infant school enrollment

Prob. top quintile (20%)

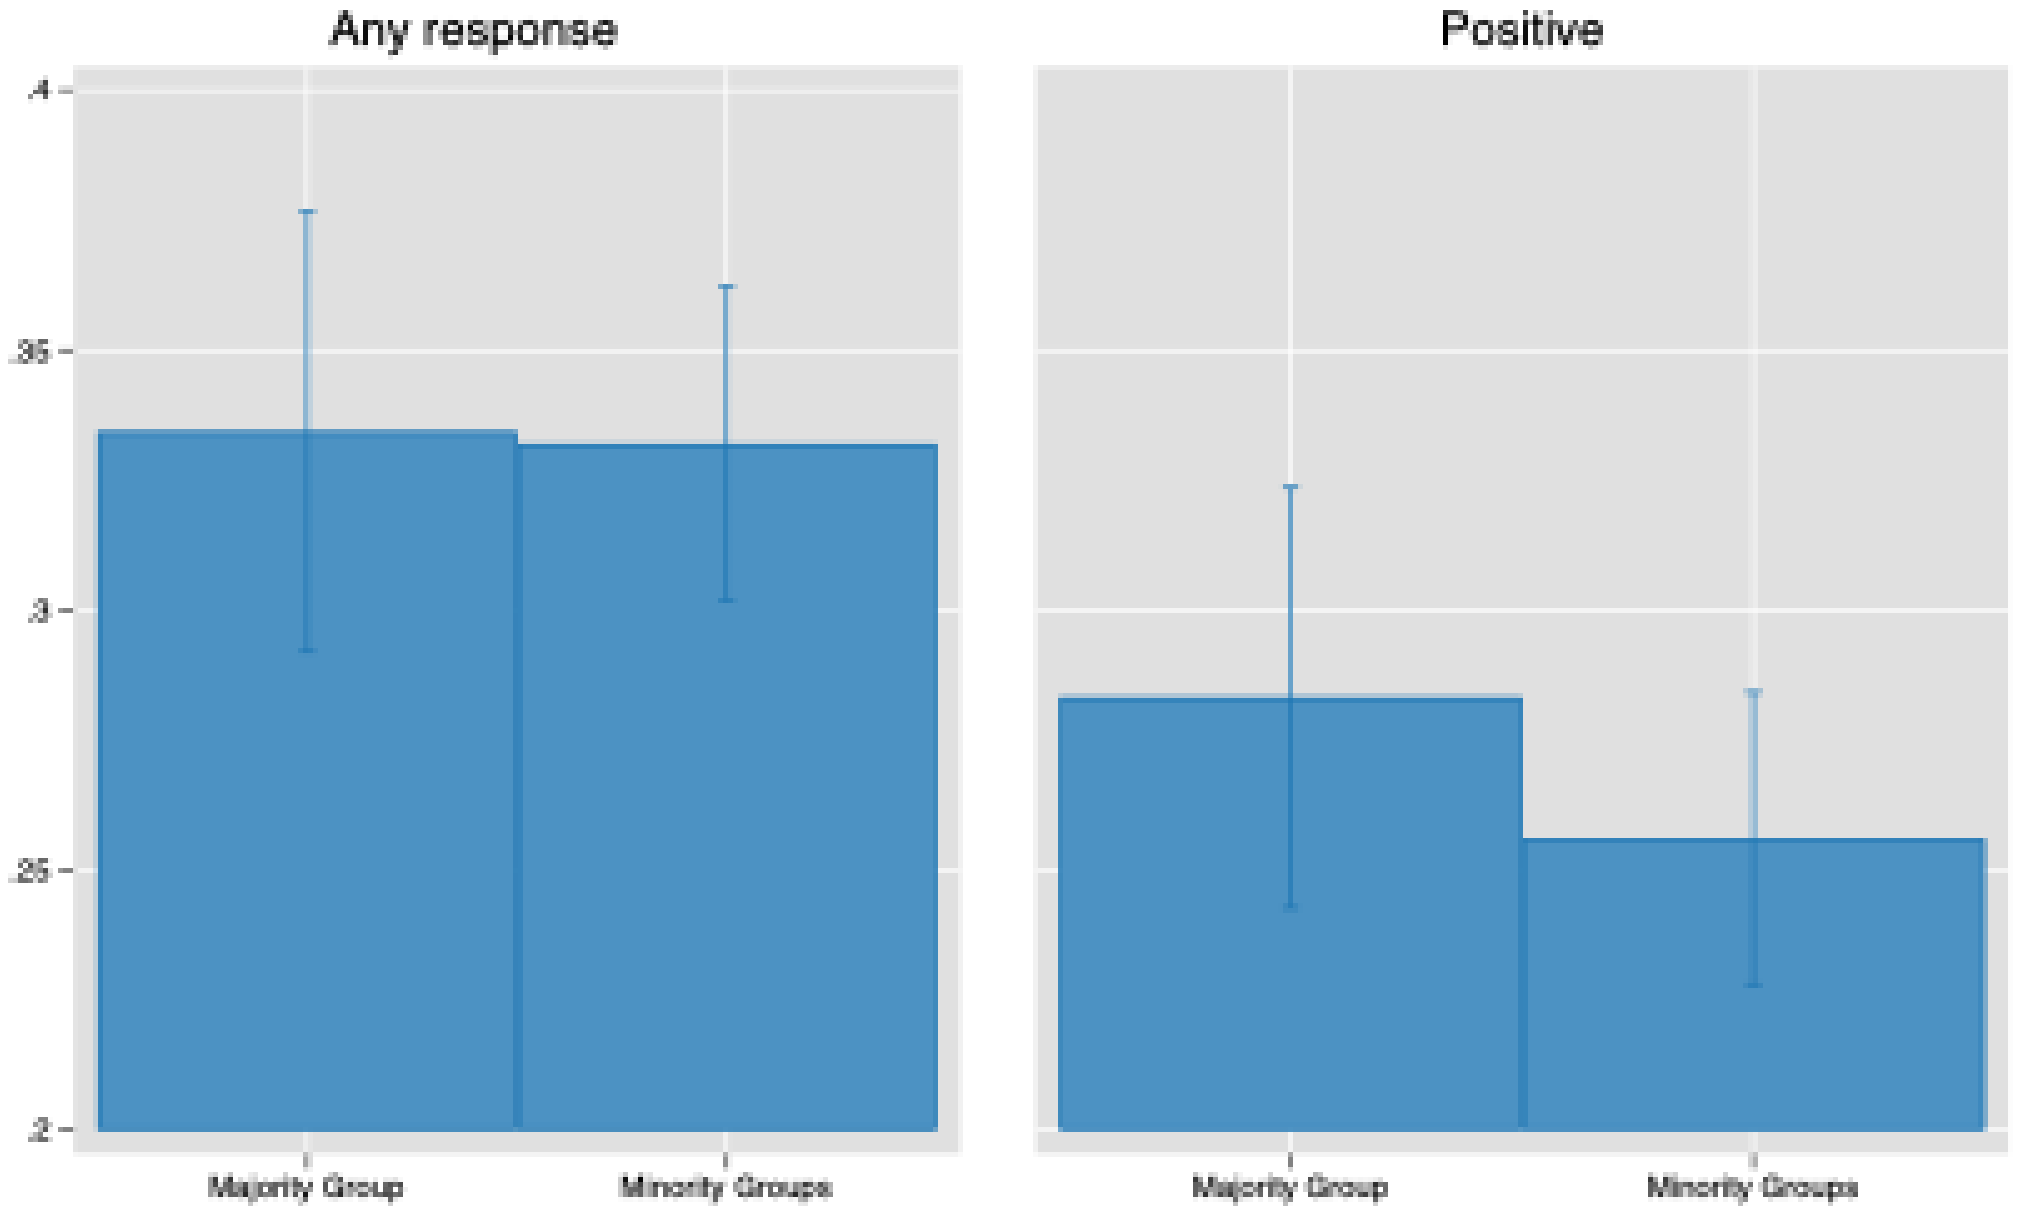

Prob. lowest quintile (20%)

— Native student — Second-Generation student — First-Generation student

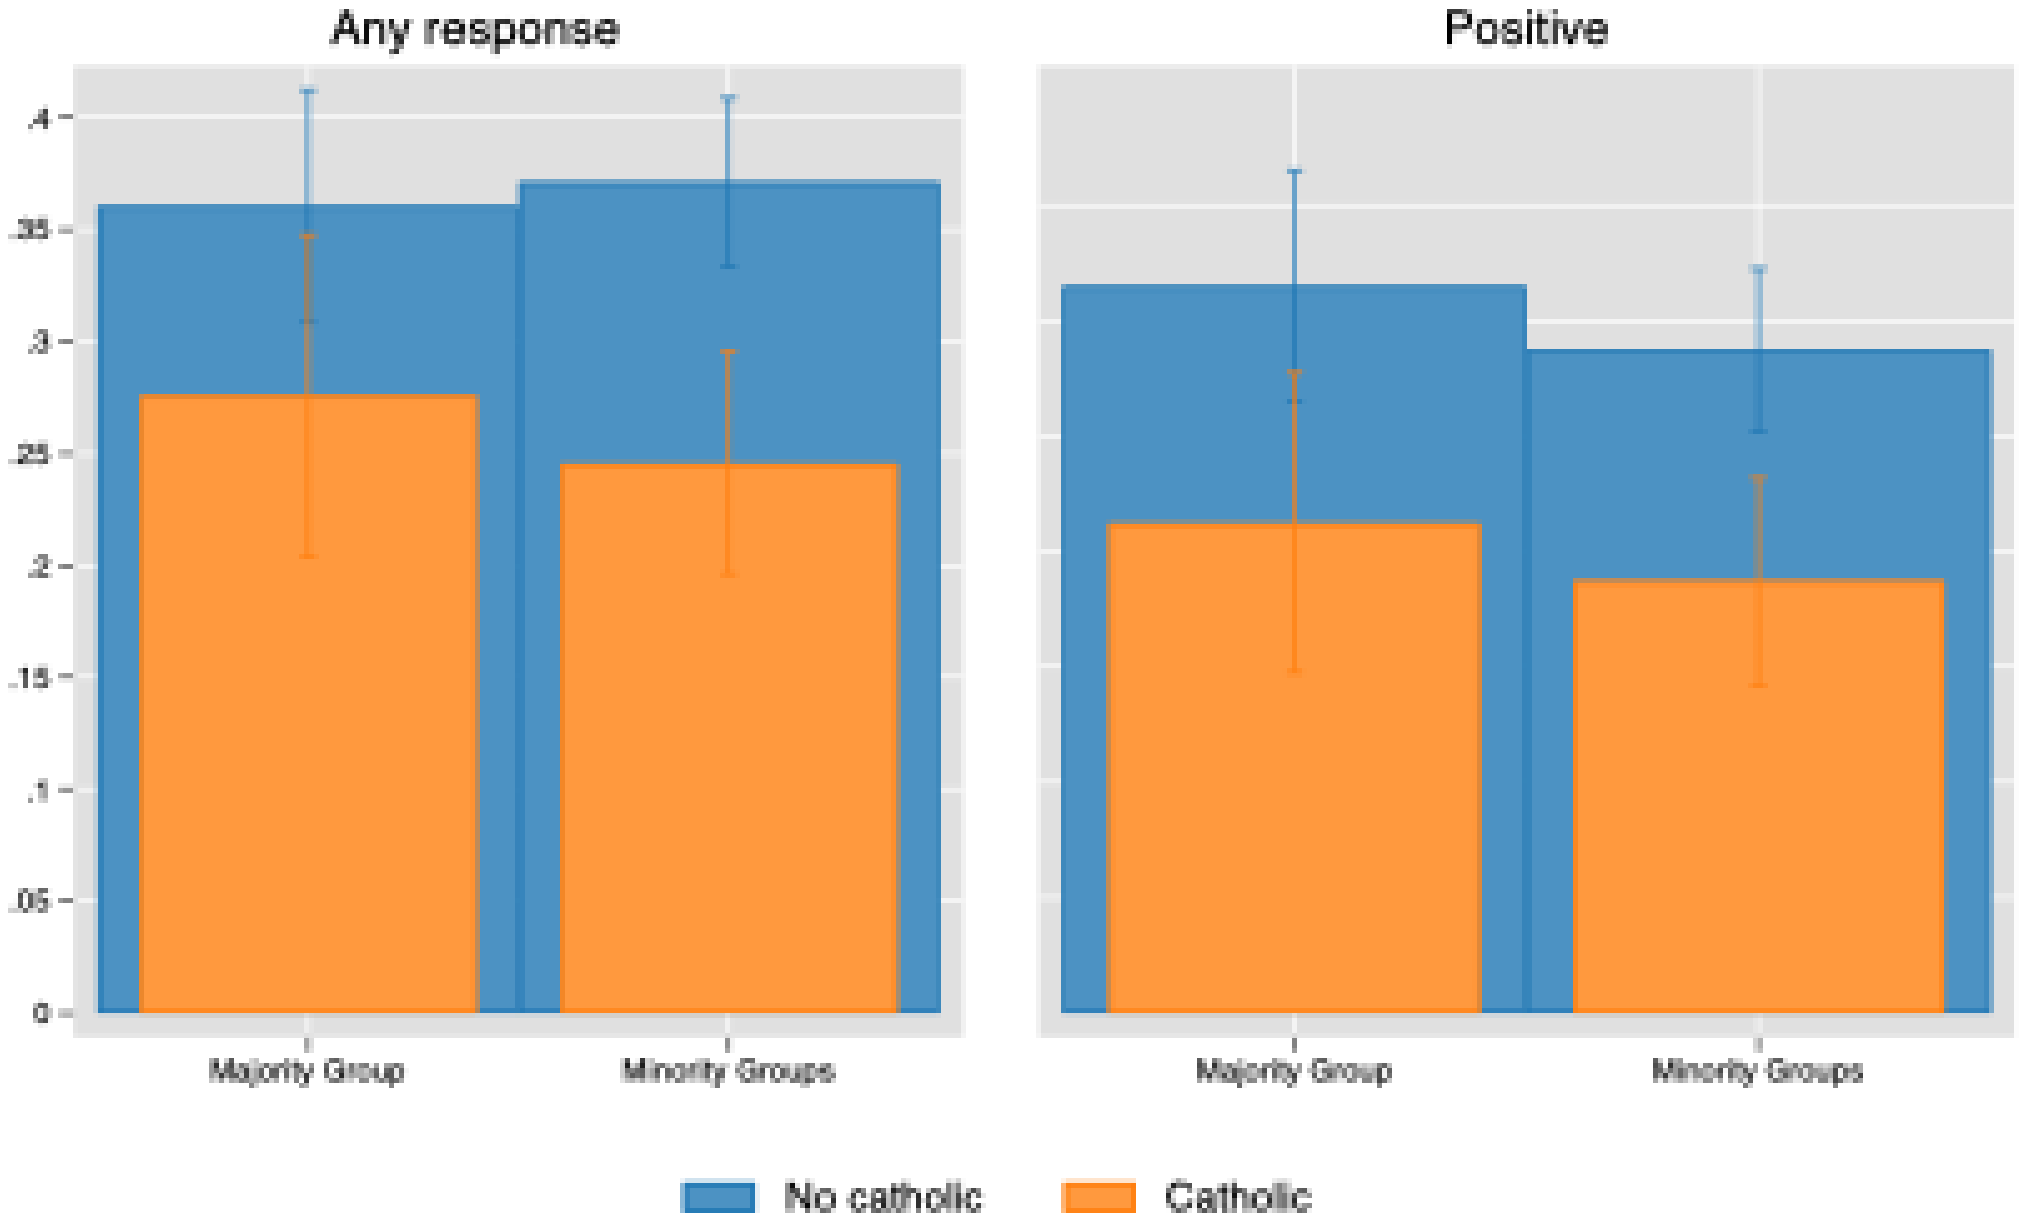

EqualStrength - access to childcare

EqualStrength

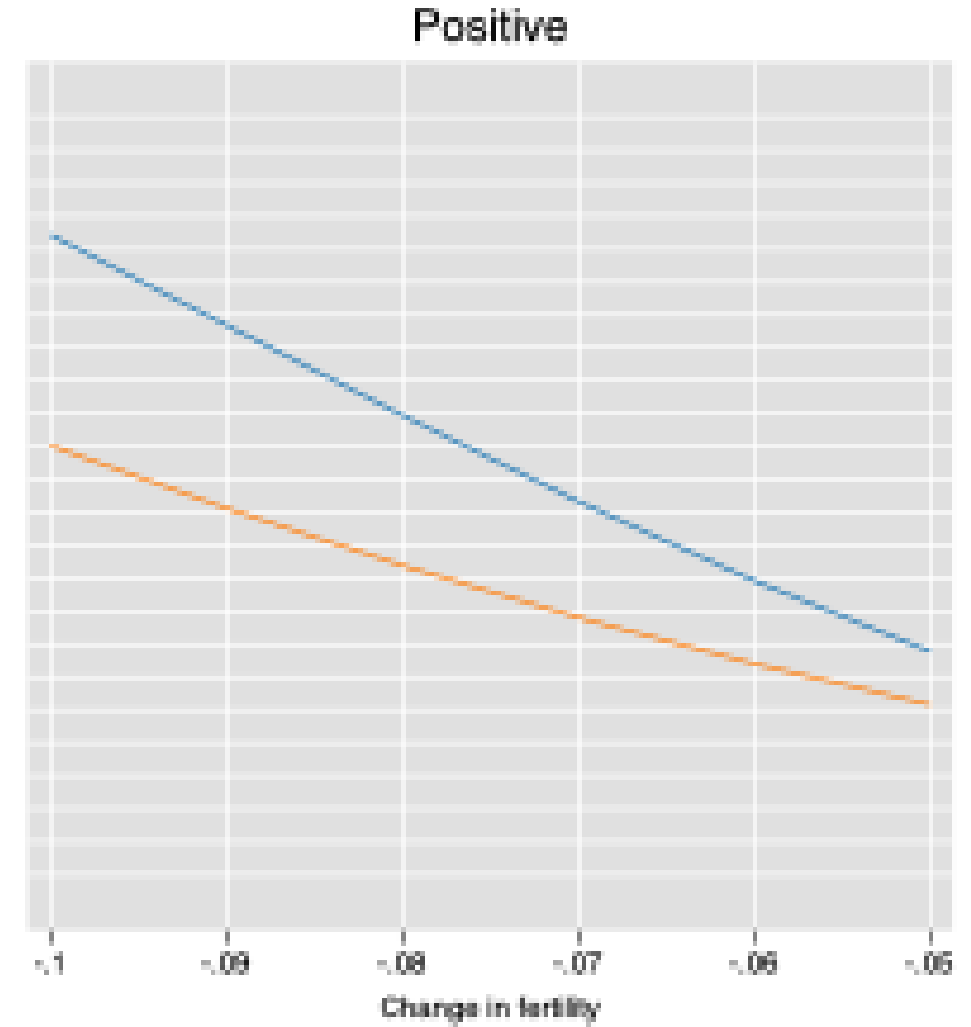

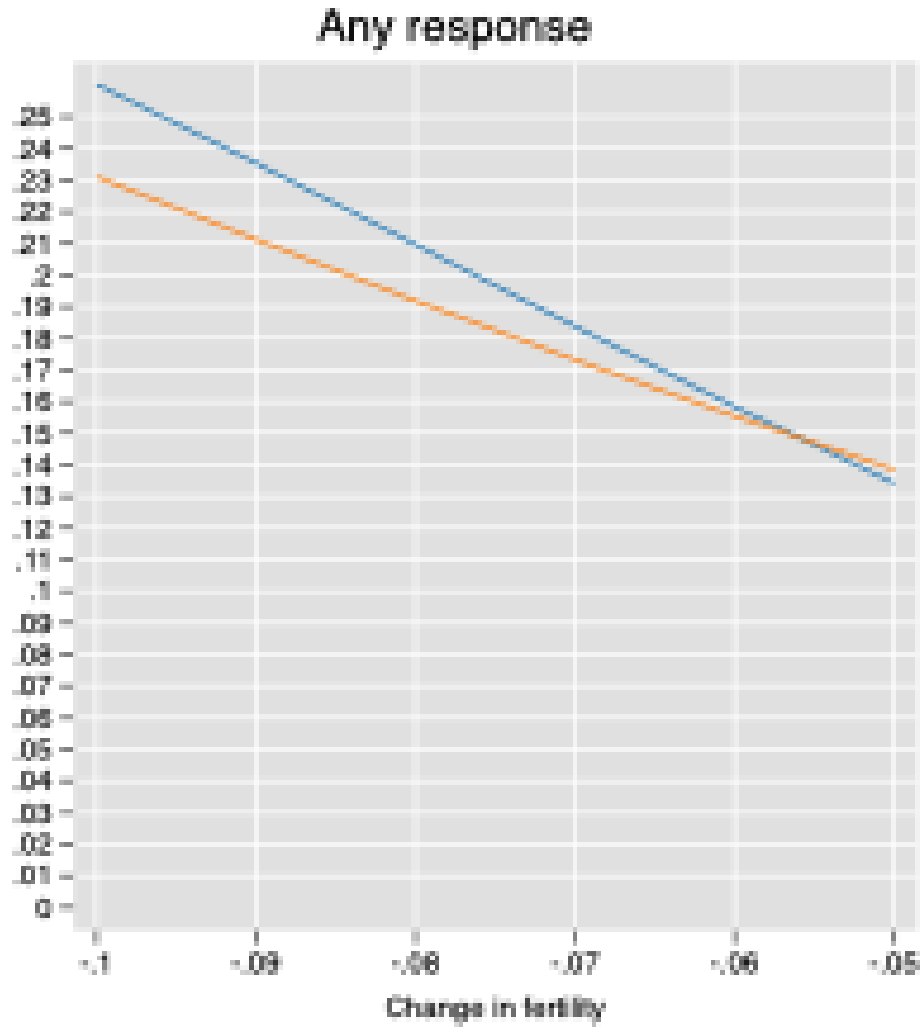

Equalstrength - access to childcare

EqualStrength - access to childcare by change in fertility (census tract)

EqualStrength

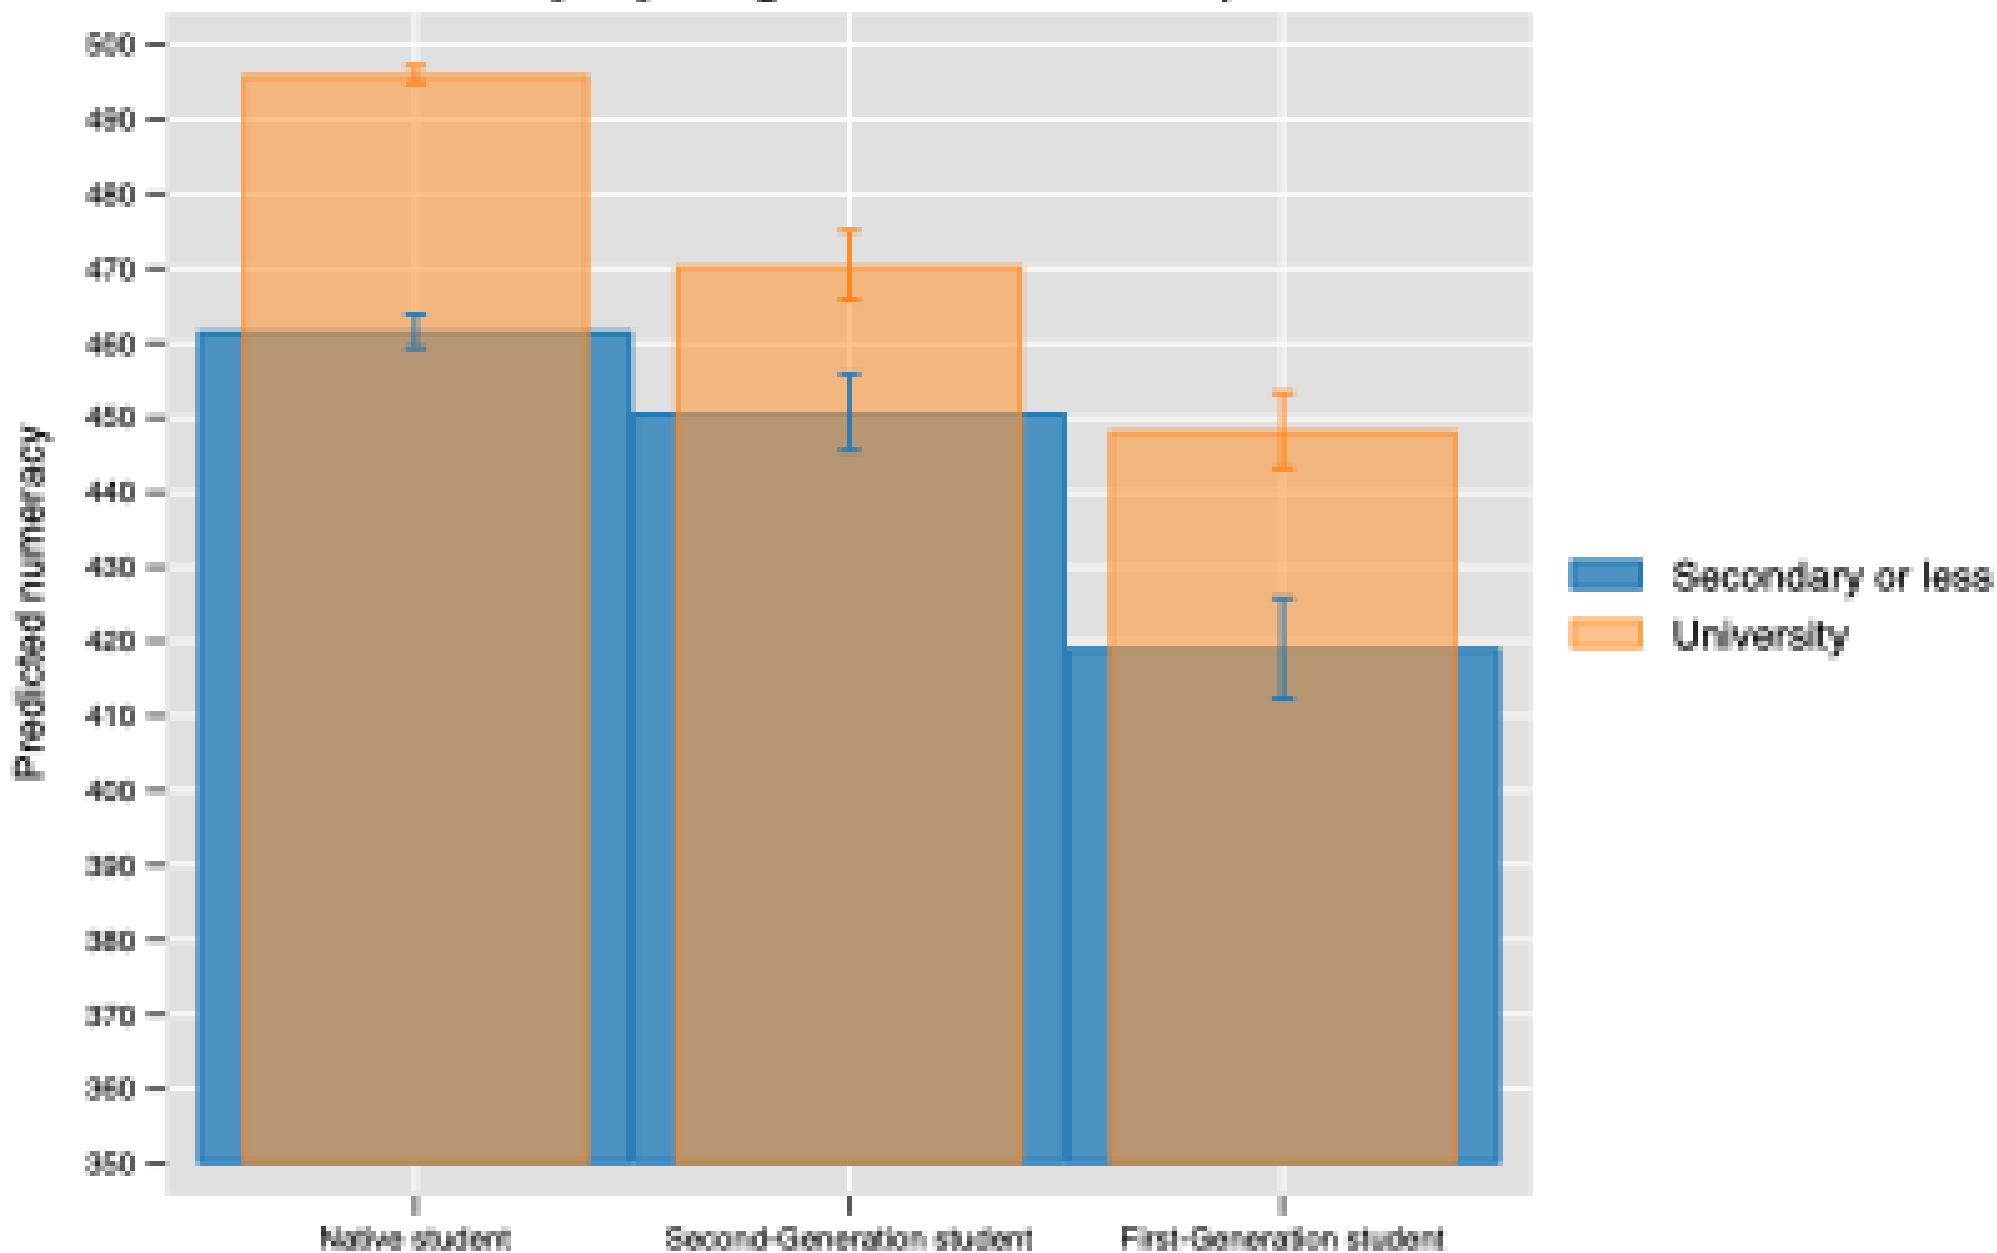

Majority Group

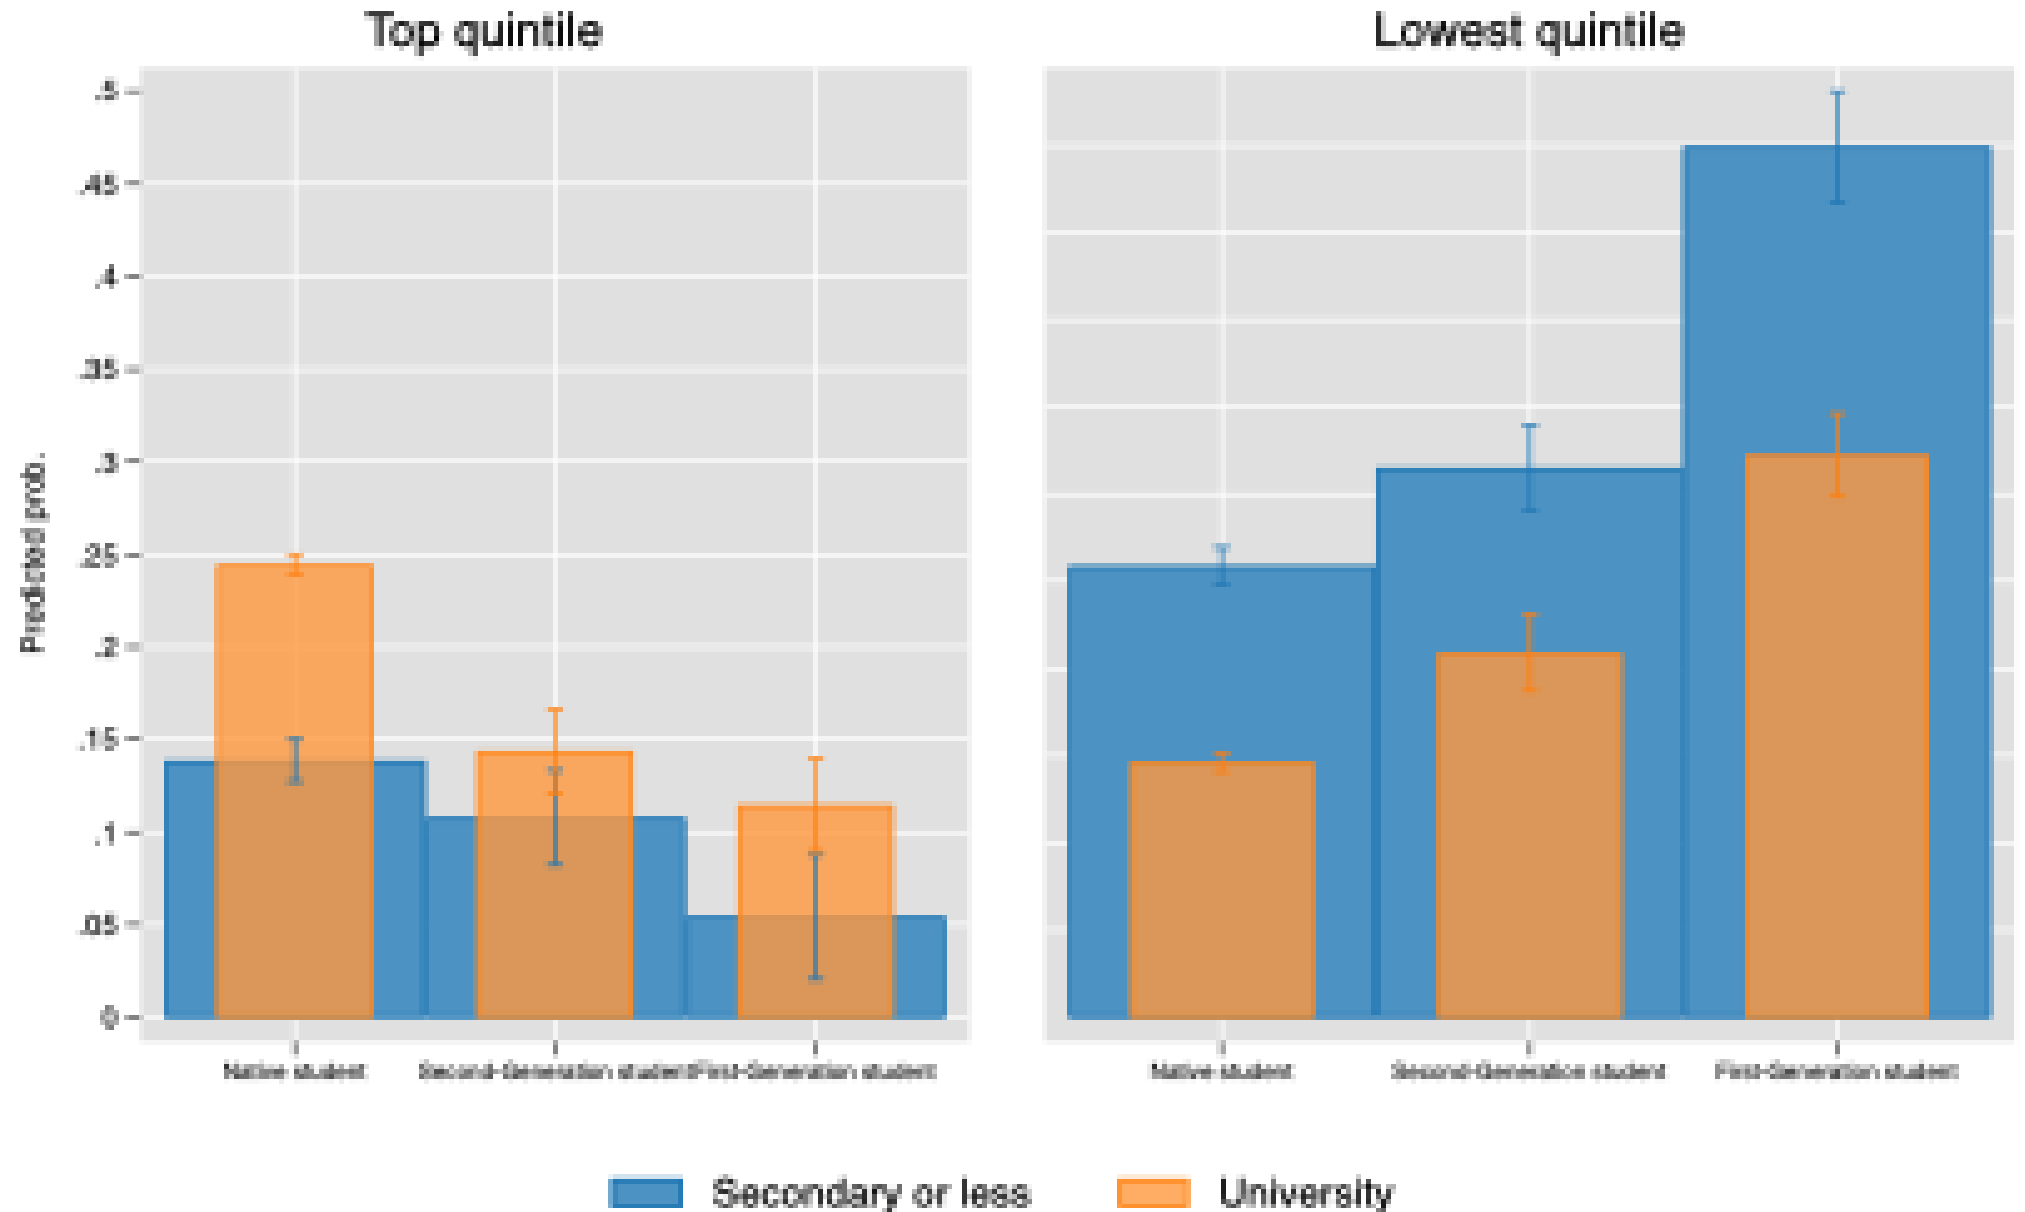

Minority Groups

Factores compensadores: otros recursos del hogar

Numeracy by migrant status and parental education

Quintile of performance by migrant status and parental education

Explicaciones

- Migración familiar (7% pérdida en índices de morbilidad psiquiátrica)
- ¿Calidad del sistema preescolar?

...

- Calidad del parenting...
